## Features

### 2.5-Inch LCD Controller

The color LCD controller, with multi-language and graphical user interface, allows users to edit images easily without the need of a computer.

### Unique ID Photo Function

- Prints mixed formats with different images and sizes of ID photos on the same photo paper.
- Exclusive ID formats to suit the demands and restrictions of different countries. For this exclusive service, please contact your HiTi/sales distributors for more information.

\*Accessible embedded ID formats may vary from region to region

### Color and Grey Scale Printing

HiTi BS-iD400 is capable of printing both color (YMCO) and grey scale (KO) photo in 256 levels of color to achieve a total of 16.77 million colors.

### Effective Dust Resistant Design

To ensure the highest print quality, HiTi BS-iD400 has an integrated rear dust shield which effectively prevents dust from entering the printer and ensuring beautiful, dust-free prints.

Dust Resistant Design
